

ISAGENIX PERFORMANCE PRODUCTS NOW CARRY THE INFORMED-SPORT CERTIFICATION

The possibility of substances banned by the World Anti-Doping Agency (WADA) in sports supplements is surprisingly high. Researchers estimate that somewhere between 3-25 percent of sports products contain traces of banned substances that are not present on the label.*

At Isagenix, we produce products that are safer for athletes all over the world. For this reason, we are pleased to announce that the AMPED™ line (as well as other performance-focused Isagenix products) are now Informed-Sport Certified. Everyone from competitive athletes to everyday performance enthusiasts can feel confident knowing that their Isagenix products have been tested for banned substances.

“ *Isagenix products are the best sports nutrition products available, having them INFORMED-SPORT certified is crucial as it continues to be used at the highest level among athletes.* **”**

-ANNA NORDQVIST, Professional Golfer and Team Isagenix Elite Athlete

WHAT IS THE INFORMED-SPORT CERTIFICATION?

Informed-Sport is a certification program that regularly tests dietary supplements for banned substances and confirms they've been manufactured under high-quality standards. Not only are the products tested, but the manufacturing facilities are also assessed to ensure that the risk of cross-contamination is limited. For more information, see Informed-Sport.com.

WHAT SUBSTANCES DOES INFORMED-SPORT SCREEN FOR?

LGC tests for a wide range of banned substances on the World Anti-Doping list including anabolic agents, stimulants, drugs of abuse, and beta-2 agonists.

WHAT ISAGENIX PRODUCTS ARE INFORMED-SPORT CERTIFIED?

Isagenix is going through the certification process for all products that are part of the Performance solution in North America (the U.S. and Canada). This includes AMPED™ Power, AMPED Protein Bars, AMPED NOx, AMPED Fuel, AMPED Recover, AMPED Hydrate, e+™, IsaLean® PRO Shake, IsaPro®, and Ionix® Supreme.

WHAT DOES THIS MEAN FOR ATHLETES USING ISAGENIX PRODUCTS?

If you're a competitive or elite athlete, you can feel confident that the products listed above have been tested for banned substances under the Informed-Sport program. Products undergo rigorous testing using ISO 17025 accredited methods to provide the highest level of assurance for athletes.

HOW DO I CONFIRM MY PRODUCT IS INFORMED-SPORT CERTIFIED?

As of Aug. 6, 2017, all products listed above are Informed-Sport Certified. For additional peace of mind, verify your product certification by visiting Informed-Sport.com and insert your product batch number (lot number) found on the label or bottom of your product into the "Registered Product Search" box.
